## TO HOLD COTTON CONFERENCE.

McAdoo Calls Meeting of Growers and Financiers for August 24.

Secretary of the Treasury McAdoo has called a conference of representatives of financiers and producers of cotton to meet in Washington August 24. It will be a similar conference to that of the bankers and grain shippers last week. It is hoped that a solution of the problems relating to the cotton crop, which have grown out of the European war, will be found.

The producers of cotton and bankers who finance the crop movement will share the benefits of the re-establishment of the international exchange market aimed at last week's conference. It is realized that the war consumption of cotton will be less than in normal times, while the grain demand undoubtedly will be larger.

## Famous Moving Picture Star

## Her Teeth and Yours

This picture shows Dorothy Kelly, a popular Vitaphone star, in her most charming expression—that of showing her beautiful teeth in a winning smile.

All actresses—both stage and film—realize that faultless teeth are necessary to beauty and attractiveness, and they take the best possible care of them.

You, too, should be careful of your teeth—you owe it to yourself and to your friends. Let me make them beautiful and faultless. Do not allow fear of pain to keep you away, because I will treat you without pain—modern appliances and scientific treatment enable me to do this.

Because of a large clientele, my charges are pleasingly low—and to those who wish it, I extend the convenience of easy payments. All my patients are personally treated by me and all my work is guaranteed in writing.

Crowns.....\$3 to \$5  
Fillings.....50c up  
Plates.....\$3 up

## C. S. TAYLOR BURKE IS ELECTED COUNCILMAN

Alexandria Body, at Its Final Meeting, Selects Successor to Frank C. Spinks.

### DAVIDSON FUNERAL TOMORROW

Alexandria, Va., Aug. 18.—C. S. Taylor Burke was elected unanimously a member of the common council from the first ward at a meeting of that body tonight. Mr. Burke received a total of ten votes, representing the entire membership present, which constituted a bare quorum.

He succeeds the late Councilman Frank C. Spinks from the first ward.

President Drumback designated Messrs. Leadbeater and Lambert to notify him of his election, and he was escorted into the council and took the required oath of office.

Mr. Burke was nominated by Councilman John Leadbeater and seconded by Councilman Urban R. Lambert.

Resolutions in respect to the memory of Councilman Spinks were adopted. They were presented by Messrs. Williams and Lambert. A copy will be sent to his family.

Members of council present at the meeting were: Lambert, Leadbeater, Graham, Williams, Brockert, Harris, Sullivan, Lowe, Chauncy, and President Drumback.

This meeting in all probability is the last official act of the present council, inasmuch as a new city council will be elected in October. Council already has adjourned for the summer, and the meeting tonight was a called one.

The body of William K. Davidson, a former druggist of this city, who died late last night in a hospital near Baltimore, will be brought here tomorrow for burial.

He was sixty-three years old and for many years conducted a drug store at the northeast corner of King and Washington streets, under the firm name of Lunt & Davidson.

Afterward he removed to Washington where he went into the drug business which he continued for many years.

Mr. Davidson is survived by a brother, F. J. Davidson, and one sister, Miss Annie E. Davidson, both of this city.

Mr. Davidson was a member of Andrew Jackson Lodge of Masons, Mount Vernon Chapter Royal Arch Masons, Old Dominion Commandery No. 11, Knights Templar and Almas Temple, Myrtle Shrine. He was the last surviving charter member of the Bachelor Club of this city.

His funeral will take place at 5 o'clock Thursday afternoon from the residence of his sister, 418 Prince street, and burial will be with Masonic honors.

It is expected that a large crowd will attend the funeral at the local park tomorrow afternoon at 4 o'clock between the teams representing the Alexandria police department and the employees of the Washington-Virginia Railway Company. Proceeds will be for the benefit of the Children's Home.

Line-up for railway employees will be as follows: Lawrence Padgett, pitcher; Evans, catcher; Springfield, first base; Highland, second base; Adams, third base; Pettit, shortstop; George Clift, right field; Mason, left field; W. Huntington, center field; Devers, Merchant and Tom Silex, substitutes.

Police: Garry, catcher; Goods, first base; Lipps, second base; Cox, third base; Burgardine, shortstop; Helms, right field; Smoot, left field; Miller, center field; Stanton, Norris, Scott and Roberts, substitutes.

Mrs. Amy C. Weech, national lecturer of the Women's Christian Temperance Union, of this city, who has been working in Henry and Fairfax counties in the interest of the State-wide prohibition fight, will go to Dinwiddie County this week.

The funeral of William Clift took place today from Wheatley's undertaking chapel. Services were conducted by Rev. Luitrell, pastor of Trinity M. E. Church. Burial was in Union Cemetery.

The board of police commissioners will meet tomorrow night.

The committee on site for the new Alexandria Hospital will meet at 8 o'clock Thursday night in the rooms of the Chamber of Commerce.

At the Alexandria Hospital tonight it was said that Harry B. Quinn, who was injured Sunday morning as a result of a fall, is improving.

A telegram was received by Chief of Police C. T. Goods today from Henry G. Ellis, mayor of Ashland, Va., reporting the theft of a number of pocketknives from a store at that place and requesting the police to keep a lookout for the plunder.

Policeman W. A. Ferguson and W. L. Lyons have returned from Colonial Beach, where they spent their vacations.

Miss Katherine Stuart is the guest of Mrs. W. H. Lee, of Stoneleigh Court, Washington, D. C.

## Under the Capitol Dome.

Senator Hoke Smith, of Georgia, called up in the Senate his bill providing for the issuance of government licenses to cotton warehouses. Senator Smith said he would call up the bill again in the near future.

At a meeting of the Senate Finance Committee a motion was adopted referring to a subcommittee the bill directing the Secretary of the Treasury to purchase 25,000 ounces of silver from the silver mines of the United States at the average market price for silver, between January 15 and June 15 of this year.

After a brief debate by Representatives Mann, Hayden, and Alexander, the House, by unanimous consent, passed a Senate bill authorizing the admission to American registry of any foreign-built ship chartered by the American Red Cross for relief purposes during the present conflict.

Representative Underwood expects to introduce in the House today the administration bill providing a system whereby the government will assume war risks on vessels carrying the commerce of the United States, during the present European crisis.

The insurance bill, Mr. Underwood said, is being prepared at the Treasury Department by Secretary McAdoo and several experts.

Senator Kern, of Indiana, Democratic leader, expects to introduce a bill that would remain in session until the Rivers and Harbors appropriation bill has been passed.

A resolution providing for the appointment of a committee of five Senators to investigate the conditions prevailing in the oil industry in New York, Pennsylvania, West Virginia, Ohio and elsewhere was offered in the Senate by Senator Chilton, of West Virginia.

The preamble of the resolution alleges the Standard Oil Company, by means of ownership and control of a system of pipe lines, has for years fixed prices and has acted in restraint of trade. The resolution was referred to the Committee on Contingent Expenses.

### WEATHER CONDITIONS.

U. S. Dept. of Agriculture, Weather Bureau.  
Washington, Tuesday, August 18-8 p. m.

For the District of Columbia, Delaware, Maryland, and Virginia: Fair Wednesday and Thursday with decided temperature change; gentle to moderate south winds.

Conditions continued in the Central Plains States, the Central Valley, the Southern States, and the Rocky Mountain region, and the Northwest were generally fair Thursday, except in New England and Eastern New York. There will also be local thunders in the South and the East Gulf States, and probably on Thursday in Georgia and Florida. Elsewhere fair weather will prevail Wednesday and Thursday.

Local temperature-Midnight, 71; 2 a. m., 68; 4 a. m., 65; 6 a. m., 62; 8 a. m., 59; 10 a. m., 56; 12 noon, 53; 2 p. m., 50; 4 p. m., 47; 6 p. m., 44; 8 p. m., 41; 10 p. m., 38; 12 midnight, 35. Rainfall 1.8 p. m. to 8 p. m., 0.6. Hours of sunshine, 11.9; per cent of possible sunshine, 68.

Temperature same date last year—Highest, 90; lowest, 68.

## RED CROSS RUSHING RELIEF SHIP PLANS

With President's Signature to Be Affixed to Special Act, Committee Is Raising All the Money It Can.

### APPEALS ARE SENT BROADCAST

With a special act authorizing the American Red Cross to charter a foreign ship, if necessary, for its European relief expedition, ready for the President's signature, the Red Cross hopes to hurry its preparations so that the ship will be ready to sail on its mission of mercy within ten days. The special committee detailed to procure the ship, consisting of Surg. Gen. Bralsted, of the navy; Chief Constructor R. M. Watt, of the navy; and Bernard N. Baker, of Baltimore, chairman, is not quite ready to report, but it has a number of proposals under consideration.

It has been decided at Red Cross Headquarters that Maj. Robert U. Patterson, U. S. Army Medical Corps, regularly detailed by the War Department as chief of the first aid department of the American Red Cross, will go on the chartered ship to general charge of the ten hospital units, while Miss Helen Scott Hay, of Chicago, until recently superintendent of the Illinois Training School for Nurses, will be the directing board of the Red Cross nurses.

Grateful acceptances of the American Red Cross offer to furnish hospital units have just been received from Russia, France, and England, and indirectly from Serbia.

The several plans in operation for the raising of Red Cross European relief funds are steadily arousing interest. This is indicated by reports in the press and letters and telegrams daily received at headquarters. However, there is a great need for all the co-operative effort possible in raising the relief funds. In response to the appeal for assistance from summer resorts, various forms of entertainments are being planned at some of these popular places. The Newport colony is very active, and yesterday a telegram was received from Mrs. E. D. Pabst announcing that the summer residents of Bar Harbor, Me., are going to give an elaborate entertainment in order to help swell the Red Cross European relief funds.

Mrs. Julian James, 102 Twentieth street northwest, has contributed a comfortable sweater for every member of the first Red Cross relief party.

## The Town Crier

Hank Schlessburg, a resident of this city for nearly half a century, who died Monday, will be buried today.

William Walter, 131 1/2th street northwest, a furniture dealer, who died Monday, will be buried today under Masonic auspices.

George K. Henson and Charles A. Hughes will lead the Wanderlusts on a "hike" through Soldiers' Home Park tomorrow evening.

Philly Dickie, twenty-six years old, 324 Twenty-third street northwest, dropped a piece of ice on his right foot yesterday, badly injuring the ankle and one toe. He was taken to Emergency Hospital.

Thieves stole \$275 from a safe early yesterday morning in the offices of J. W. Horner, draftsman, at Eighth and M streets northwest. Entrance to the building was gained by forcing a door.

Special Officer W. B. Herndon, at the Gayety Theater, was cut on the left arm with a razor by a colored man whom he was attempting to arrest on a charge of disorderly conduct. Herndon went to Emergency Hospital.

While loading a milk wagon at Bowles' dairy, 450 K street northwest, early yesterday morning, Ruben Randall slipped and fell. His right leg was broken. He was removed to Casualty Hospital.

His horse running away when frightened at a street car, Louis Zoz, sixty years old, of 613 Four-and-a-half street southwest, was thrown from his buggy yesterday at New Jersey and New York avenues northwest, and was badly cut about the head. He went to the Homeopathic Hospital.

### STREET CAR PATRONS, NOTICE.

In order to relieve traffic congestion at Ninth and F streets northwest, starting next Monday, the Washington Railway and Electric Company will discontinue stopping all west-bound cars on the west side of F street, the suggestion offered by the company to better traffic conditions at this point being approved by the Public Utilities Commission in a communication received by Superintendent of Transportation J. T. Moffett.

C. D. Hillis, New York, says bad teeth cause most of the badness in boys.

## LIBERTY TO HEBREWS IS RUSSIA'S PROMISE.

Autonomy to Poland Also to Be Granted if Allies Win Titanic War.

### CAZAR SEEKS PRESTIGE ABROAD

Special Cable to The Washington Herald.  
St. Petersburg, Aug. 18.—Out of the war catastrophe which has overwhelmed Europe will come political freedom for the Russian Hebrews, autonomy for Poland and the electoral franchise for a great mass of the Russian people, according to a program of reforms which the Russian ministry has evolved with the sanction of Czar Nicholas II.

There is every indication that the reforms will be sweeping if Russia and her allies win the war and the boundaries of the Muscovite empire are extended as a result.

It is expected that Czar Nicholas will issue an important proclamation at Moscow telling in detail the constructive plans of the government to extend the civil and political liberties of the people. The Russian ministry evidently feel that the extension of liberty to the Hebrews would not only inspire the people of Russia to higher loyalty, but would increase the prestige of Russia abroad.

The present conflict has been advertised so extensively as a struggle of the Slavs versus the Western Europe that the statements of the empire feel it imperative to gain some of the outside world's sympathy.

It is understood that as yet, the program relating to the Russian Hebrews has not been fully worked out.

### FISH AS WAR-TIME FOOD.

Would Cut Cost of Living, Says Chief of Research Laboratory.

Plan as a substitute for meat would cause a drop in the war cost of living, according to M. E. Pennington, chief of the food research laboratory of the Department of Agriculture.

Mr. Pennington said that England consumes \$4,000,000 worth of fish annually, that food substituting for meat almost entirely in some classes. The fish supply of the United States is declared to be practically inexhaustible.

C. D. Hillis, New York, says bad teeth cause most of the badness in boys.

## Cannibal and Civilized Tribes Live Side by Side in Belgian Colony in Africa

Belgian Congo, in Africa, so frequently mentioned in recent European dispatches as a possible objective point of German troops, is the home alike of the most progressive negroes of Africa and of the most primitive and savage cannibals, according to the statement issued yesterday by the National Geographic Society.

"This African colony is so cut up by rivers and impenetrable forests that the tribes inhabiting the country vary greatly in their customs and language," says the society's bulletin. "But a few miles distant from the cannibal Bakutus are great plantations of millet and grain of their civilized countrymen. The Bakutus are great cannibals, so far as the male members of the tribe are concerned, and the victims are always slaves. In fact, all slaves are ultimately eaten, since it is believed that if a slave were buried his ghost would kill his master."

"Their chief weapon is the bow, poison being used on the arrows; shields are now obsolete. The Bakutus are almost the only tribe of this region who have been successful in resisting the advance of the white man. This fact is due to their skill in forest warfare. The leading to their village is defended by poisoned spikes hidden by leaves. They use bows and arrows set like traps in the form of primitive spring guns, and are quite ready, if a white man is expected, to bait such traps with a live baby, being sure that the European will be unable to resist the temptation to pick up an apparently abandoned child. The poison they use is absolutely deadly."

"Not far from the cannibal region peace and security reign. The plantations, clean villages, and well-kept houses make an impression of rural prosperity. The Bakutus, also of Belgian Congo, is an excellent agriculturist and stock breeder.

"The havoc of sleeping sickness is greatly limited by the native customs of isolating cases of this disease in the forest. The disease is most acute along the caravan routes. To add to the horror here lions and leopards have become man-eaters, since the half-fed sick ones, driven from the fear-stricken village, is the easiest game to stalk."

### DROPS BOMBS INTO NAMUR.

Brussels, Aug. 18.—It is reported here that Germans are continuing their sky attack upon Namur by dropping bombs from the city from aeroplanes.

### GERMANY OPENING U. S. MAIL.

Until official complaint is made of the opening of American mail by German military censors, the United States Post-office Department will take no action in the matter, officials of the department stated yesterday. Informal reports have been made to the department of the opening of letters addressed to American citizens, and that the Germans are permitting no communication to leave their country without scrutiny as to whether any revelation of war plans or conditions is contained in them.

## Daniel O'Connell—"The Liberator"

LD ERIN has given the world many a genius and many a Lover of Liberty, but none greater than the eloquent O'Connell. This noble Irishman unselfishly devoted every moment of his life to regain the freedom of his Fatherland. His oratory, because of its flaming earnestness, exercised a powerful influence over the House of Commons and hastened many reforms for Ireland. Daniel O'Connell was the first to realize the irresistible strength of a union of millions of Irishmen, and to this end he labored night and day. Huge mass meetings were everywhere organized throughout Ireland and addressed by the masterful O'Connell. When confident of success and with victory in sight he was arrested and condemned to prison. When liberated his splendid constitution was shattered, but he continued until his dying hour to work and pray for Irish Liberty. It is needless to say that Daniel O'Connell was opposed to any Prohibitory legislation which invaded the Natural Rights of Man. He would no more vote for such tyrannous enactments than will our millions of Irish-American citizens. They know that there is no evil in the barley brews and light wines of their fathers—EVIL ONLY IS IN THE MAN WHO MISUSES THEM. For 77 years Anheuser-Busch have honestly brewed honest beers, and they are proud of the popularity their great brand Budweiser enjoys with those of Irish blood. Our Irish citizens have helped to make our nation great among the nations of the world. Seven thousand, five hundred people are daily required to keep pace with the natural demand for Budweiser.
